Formulate. Manufacture. Supply. Support.

Since 1982, we have been manufacturing and supplying our products to small and large companies across the UK with a customer base of over 3000 and growing. Our ability to design and manufacture our own products in the UK puts AIC in a unique position to provide products which are continually developed for optimum performance, whilst offering total supply solutions at competitive prices.

Product Range

Industrial Cleaners & Degreasers	1-2
Engineering Aids	3-4
Office & Internal Cleaning / Housekeeping	5-10
Food Industry & Catering	11-13
Transport & Vehicle Care	14-15
Metal Surface Treatments	16
Building, Yard & Warehouse Maintenance	17-18
Operational Aids	19
Personal Care	20-21
Corrosion Preventives	22
Lubricants	23-26
Solvents, Thinners & Strippers	27-28
Construction & Roadway Operations	29
Wintercare	30

Technical / Laboratory Facilities

In-house state-of-the-art facilities ensure our product ranges are continually developed remaining as an industry leader for next generation formulations.

In addition to our product offering, AIC are in a unique position to assist their customer base with technical support and guidance on product application for optimum performance.

Manufacturing & Distribution

Our facilities include a range of mixers allowing batch size flexibility and a manufacturing capacity of around 20,000 Litres per day. Using electronic weighing equipment, drum heating, melting equipment and fast connection filling pumps onsite.

Distribution is handled on Scottish mainland via our dedicated vehicle fleet while, for larger consignments or further afield we use carefully selected shipping/haulage contractors. Working with our appointed D.G.S.A we are also able to generate appropriate paperwork for D.G classified consignments.

Offshore Division

Across a number of key sectors within the Oil & Gas Market, AIC offer Gold Banded, non-sub warning products to Drilling Companies, Operators, Specialist Cleaning and Service providers, Waste Management Companies, Procurement Providers and more.

Offshore Product Range:

- Rig Wash Degreasers
- Scale Removal
- Wax, Tar & Crude Oil Removal
- Corrosion Removal & Prevention
- Wellbore & Pipe Dope Cleaners
- Packer & Completion Fluids
- Sand-Cleaning Additives
- Fuel & Potable Water

Marine Division

Providing total supply solutions since 1982, AIC have the product portfolio to accommodate a vessel's entire supply needs, from the engine room to the bridge, we have it covered.

Marine Product Range:

- Fuel & Water Treatment
- Equipment & Consumables
- Cleaning & Maintenance Products

Bit-U-Solv

Cleaner and Degreaser

Rapidly penetrates, thins and disperses residues into a stable, emulsifiable form which can be easily flushed away with water.

5L, 30L or 210L

Clean-All

Heavy Duty Cleaner/ Degreaser

For use when deposits cannot easily and quickly be removed by ordinary detergents.

Dilutable up to 1:25

5L, 30L or 210L

Degrease

Solvent-Based Cleaner/ Degreaser

General purpose, highly effective degreaser and cleaner. Suitable for use as a body work dewaxer for vehicles. Ideal for use in machine shops and engineering firms.

Dilutable up to 1:20

5L, 30L or 210L

DX-60

Emulsifiable Solvent Degreaser

Ready-to-use product removes the most stubborn oily or greasy dirt from engines, machine parts, plant and equipment and rinses easily with water.

5L, 30L or 210L

EC5662

General Purpose Solvent Cleaner/Degreaser

Heavy duty, utilises a carefully slowed evaporation rate to carry the maximum amount of greasy soil without re-deposition.

5L, 30L or 210L

Eco-Force

Solvent Cleaner

Quick drying cleaner/ degreaser for removal of oily and greasy dirt, moisture, gums and resins. Contains ozone-depleting substances.

5L, 30L or 210L

Eco-Solv

Oil / Grease / Resin Remover

Ideal for use on machine parts, tools, equipment and metals of all sorts. Simply dries without residue when the job is done.

5L, 30L or 210L

Eco Wash 3000

Cleaner

Powerful cleaning and degreasing on decks, equipment, machinery, tanks and much more.

Dilutable up to 1:20

5L, 30L or 210L

Enviro-Clean A2

Cleaner & Degreaser

Removes oil, grease, dirt, mud, and general grime from a wide variety of surfaces. Non-flammable, non-caustic nature makes it safe on all common metals and construction material.

Dilutable up to 1:20

5L, 30L or 210L

Enviro-Clean XX

Non-Flammable Cleaner/Degreaser

Fully biodegradable, concentrated, rapidly removes oil, grease, dirt and drilling mud residues from machinery, equipment, modules and much more.

Dilutable up to 1:20

5L, 30L or 210L

HM5528

Degreasing Detergent

Factory controlled pH ensures that wash-bay effluent will never exceed its pH consent conditions. Ideal for yards, floors, equipment, machinery etc.

5L, 30L or 210L

Jetclean

Cleaner / Degreaser for Metal & Plastic

Cleaner and degreaser for metal and plastic parts. Designed for use in modern cabinet type jet-washing machines. Instantly de-foams at temperatures over 50 celsius.

Dilutable up to 1:100

5L, 30L or 210L

Kleen-It-All

Multi-Purpose Cleaner

Especially designed to meet the hard surface cleaning needs of industry. For cleaning, degreasing and decontaminating walls, floors machinery etc.

Dilutable up to 1:80

5L, 30L or 210L

Sonic 2000

Non-Flammable Degreaser

Water rinsable, ideal for use on plant machinery, decks, yards, engines, ships and much more.

Dilutable up to 1:75

5L, 30L or 210L

Swift

Multi-purpose Cleaner/Degreaser

A high strength product, use either by mop, spray or brush. Ideal on worktops, ovens, metals, and much, much more.

Dilutable up to 1:160

5L, 30L or 210L

Pace

Oil, Grease and Dirt Remover.

Ideal for use on machinery, concrete or painted floors and walls etc. Can also be circulated in pipework for when air or oxygen supply pipes must be made hydrocarbon free.

Dilutable up to 1:30

5L, 30L or 210L

Electro

Cleaner & Degreaser

For removal of oil and greasy dirt, moisture, gums and resins.

400ml in Cases of 12

Anti-Splatter

Adhesion Prevention

Stops adhesion of welding splatter to the work-piece and to any jigs, shrouds, nozzles or adapters and other metal parts .

5L, 30L or 210L

CI-5547

Pressure Testing Additive

A special corrosion inhibiting and biocidal solution for use in both static and circulating process water systems and in water for blast cleaning.

5L, 30L or 210L

CI-5547G

Corrosion Inhibitor & Leak Detection Additive

Corrosion inhibitor and biocide for use in both static and circulating process water systems. Complete with marker dye, thus also enabling its use in detecting applications.

5L, 30L or 210L

Cool Cut

Lubricant and Coolant Fluid

Multi-purpose, for use in most metal machining operations. Use for drilling, milling, turning, boring and cold sawing on most metals.

Dilutable up to 1:50

5L, 30L or 210L

Cuproplate 100

Copper Coating

Commonly used on screw-threads and other areas of mild steels. Useful for purposes of providing controllable torque application, anti-seizing and corrosion protection.

5L, 30L or 210L

Diluent Solvent

Thinner for Lubricating Oils

Assists in wear-tests and foreign particle inspections. Permits fast and easy filtration without any risk of degrading the solids.

5L, 30L or 210L

Spraybooth Additive

Paint Spray Equipment

Dosed at low levels into the water used in spraying systems, "denatures" any paint emulsions formed, allowing easier and effective skimming of excess paint from circulating water. Also controls the growth of fungi, algae and bacteria.

5L, 30L or 210L

A-Zyme**Stain Remover**

Controls odours and removes soiling from fabrics, carpets and hard surfaces. Biologically breaks down protein materials allowing for easy rinse away.

Dilutable up to 1:50

5L, 30L or 210L

Bi-Tex Liquid**Laundry Detergent**

For use with laundry machines, washer extractors, timed washers and domestic automatics. Effective on a wide range of fabrics including synthetics.

(Available in powder)

5L, 30L or 210L

Blaze**Maximum Hygiene Security**

Effective hard surface cleaner with a unique biocide that eliminates the toughest micro-organisms known.

5L, 30L or 210L

Bullit**Drain Clearer**

Concentrated fluid for clearing choked and poorly flowing drains and traps. Attacks greasy deposits, allowing solids and other materials to be released and flushed away with water.

2L or 5L

Cream-Klean**Mildly Abrasive Detergent**

The answer to stubborn cleaning problems. For use on stainless steel, glass, porcelain and vitreous enamel surfaces. This product will cope with difficult stains and splashes without scratching.

1L

Dy-Gest**Drain Clearer**

The modern "green" answer to odour, blockage and solids problems in effluent. Dy-Gest naturally digests fats, proteins and carbohydrates eliminating odours and loosening blockages at source.

5L, 30L or 210L

Glow**Self-shining floor Polish and Coating**

Glow gives excellent results on vinyl, lino and rubber composition floor.

5L, 30L or 210L

Glow-Strip**Acrylic and Wax Remover**

Cleaner and stripper for floor polishes. Designed for the removal of metallised and other acrylic polishes, emulsion waxes etc.

5L, 30L or 210L

Hypo**Sterilising, Disinfecting and Deodorising Fluid**

This versatile product can be used for toilets, drains, animal pens, food storage bins, etc. In addition, may also be utilised for pre-use sterilisation of drinking water systems.

5L, 30L or 210L

I.S.B**Sterilising,
Disinfecting and
Deodorising Fluid**

Effective for use in toilets,
drains, animal pens, food
storage bins, etc.

Dilutable up to 1:60

5L, 30L or 210L

Lem-Fresh**Disinfecting Fluid**

For all general disinfecting and
light cleaning duties. Excellent
activity against bacteria, both
Gram- positive and the difficult
Gram-negative, as well as fungi,
algae and yeasts.

Dilutable up to 1:30

5L, 30L or 210L

Multi-Gel**Multi-Purpose Floor
Cleaner**

Designed to clean, freshen,
sanitise and maintain the
shine on all vinyl, tiled and
sealed wood or cork floors.
Apply by mop or spray.

Dilutable up to 1:300

5L, 30L or 210L

Lem-Pex**Cleaner and Degreaser**

Combined cleaning and
degreasing power with a
pleasant citrus fragrance.
Effective even on greasy and
heavy soiling. For use in
cleaning floors, paintwork, walls
and worktops.

Dilutable up to 1:160

5L, 30L or 210L

Lift-Off**Gum Remover**

A quicker, easier and safer
way to remove chewing gum
from carpets and other
surfaces. Gently releases the
grip gum has on fibres and
surfaces allowing easy rinsing
with water.

5L, 30L or 210L

Re-Fresh**Laundry Facilities**

Re-fresh will simultaneously
disinfect, de-odourise and
reduce static problems in
fabrics.

5L, 30L or 210L

Pine ES**General Purpose
Disinfectant**

General purpose, high quality
disinfectant fluid for use on
floors, walls, paintwork, etc.

Dilutable up to 1:100

5L, 30L or 210L

Pine Q**Disinfecting and
Light Cleaning**

Excellent activity against
bacteria, both Gram-positive
and Gram-negative as well as
fungi, algae and yeasts.

Dilutable up to 1:30

5L, 30L or 210L

Fragrance**Air Freshener**

Specially formulated to
remove unpleasant odours
and stale air, leaving rooms
with a pleasant Apple fresh
scent.

Dilutable up to 1:2

Aerosol, 5L, 30L or 210L

Reflect**Surface Cleaner**

Effectively cleans and removes streaks, stains and tobacco fume from windows, mirrors, windscreens, highly polished stainless steel and chrome. Perfume free and non tainting.

5L, 30L or 210L

Sof-Tex**Laundry Softener and Freshener**

For use in laundry and domestic type washing machines. Binds to fibres of garments, lubricating and protecting them in everyday use.

5L, 30L or 210L

X-Tract**Carpet Cleaning Additive**

For use with all spray-extractor type carpet cleaning machines. An active biocide controls mildew and possible bacterial infections.

Dilutable up to 1:60

5L, 30L or 210L

Sani-Clens**Lime-Scale remover**

For use on all glazed porcelain, plastics or stone surfaces. Will remove scale and iron stains and sanitise and kill odours.

Dilutable up to 1:10

5L, 30L or 210L

Sani-Fresh**Toilet Cleaner**

Versatile cleaner, descaler and freshener for all toilet bowls, urinals and stalls. Safe on ceramic, stainless steel or plastic.

(Available in Apple and Lemon)

1L or 5L

Bi-Tex Powder**Biological Detergent Washing Powder**

For all types of washing machines. Effective at low temperatures, removes stubborn stains in one wash. Combines excellent oil and grease removing properties.

10kg

Channel Deodorant Tabs**Urinal Deodorant**

For use in communal or individual urinals. Provide exceptional level of noxious odour-masking, with a fresh, clean, citrus zest odour which will be universally accepted. Also releases gentle detergency keeping pipes clean.

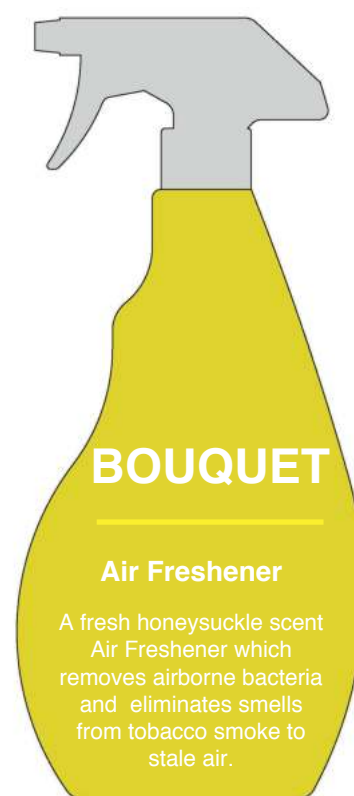

Approximately 150-160 tabs per tub

6 x 500ml

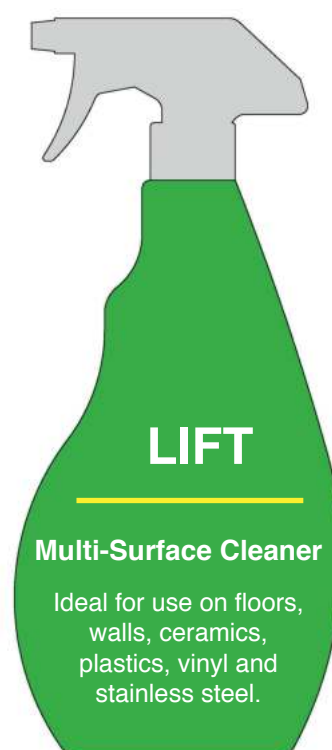

6 x 500ml

6 x 500ml

6 x 500ml

6 x 500ml

Captor

Spillage Control

For the control of oil, paraffin or solvent spillages, Captor is "environmentally friendly" in itself. It is a by-product of the processing of sustainably managed softwood forests. This material is carefully graded and then treated with non toxic salts to make it fire suppressed before it is packed as Captor.

8Kg Bag

Oil Sorb

Water-Based and Oil Spillage Control

Non-flammable granular absorbent for the remediation of spillages. Oil Sorb shows a high absorbency for both water-based fluids and oils, meaning that it is a multi-purpose absorbent. Oil Sorb is not reactive to nor affected by strong acids or alkalis.

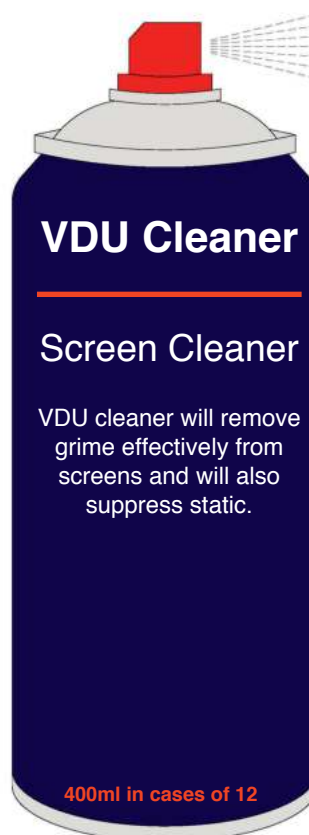

16Kg Bag

Skoop

Spill Control (Biological and Body Fluid)

An instant treatment for spill of noxious fluids such as blood, vomit, urine, animal waste etc. Sterilises and solidifies spills, allowing for easy disposal. Non-Hazardous product.

Per case of 6x350g Shaker Packs

In-Situ**Equipment Cleaner**

Highly alkaline detergent for cleaning-in-place of equipment like storage tanks, cooking vessels, meat smokers etc.

5L, 30L or 210L

Brite**Dish Washing Detergent**

Concentrated liquid compound, Brite rapidly removes oils and fats and dissolves starches. Leaves dishes clean and free from deposits.

5L, 30L or 210L

Commander**Powerful Grease Cutter**

An effective cleaner for use in all food processing, food preparation and animal by-product industries. Dissolves fats, oils, blood, protein and burnt on residues.

Dilutable up to 1:30

5L, 30L or 210L

De-Carb Gel**Powerful Oven Cleaner**

Concentrated, effectively removes fat, grease, oil and foodstuffs from ovens, griddle plates, grills, hobs and all cooking equipment.

5L or 15L poly-tubs

Freshness**High Quality Detergent**

For use in all catering establishments, hospitals, schools, canteens and bars. Lemon-scent Freshness is ideal for washing dishes, worktops etc.

Dilutable up to 1:160

5L, 30L or 210L

Last Word**General Purpose Sanitiser Fluid**

Designed for any place hygiene is a necessity. Used on food prep surfaces and utensils, food processing equipment and floors.

Dilutable up to 1:100

5L, 30L or 210L

Polaris**De-icing Fluid**

Designed for control of ice and frosting in chills and blast freezers. Quickly removes ice deposits which can prevent proper closing of doors and interfere with operation of equipment

5L, 30L or 210L

Sani-Foam**Alkaline Wall, Floor and Equipment Cleaner**

Ideal for manual use and for use through spray washers. It can be used to create clinging foam, ideal for deep cleaning when using the correct equipment.

Dilutable up to 1:100

5L, 30L or 210L

Fast Clean**Multi-Purpose Cleaner**

A versatile cleaner and degreaser for many types of hard surfaces. Ideal for light industrial to institutional.

Dilutable up to 1:100

5L, 30L or 210L

Suds**Detergent**

Fragrance free, suitable for all dish and metal-ware washing and for worktop, floor, wall, extractor hood, fan and general equipment cleaning.

Dilutable up to 1:500

5L, 30L or 210L

Barracuda**Fish Scale, Fat and Protein Remover**

Rapidly removes, fish scales, fats and proteins from plastic and painted surfaces.

Dilutable up to 1:80

5L, 30L or 210L

Germi-Clean**Work Surface Cleaner / Steriliser**

Designed to clean and sterilise work surfaces, food processing and cooking equipment, floors, walls and much more.

Dilutable up to 1:50

5L, 30L or 210L

Sparkle**Heavy Duty - Dishwasher cleaner**

Highly concentrated, cleans heavy loads of oils and fats, breaks down proteins and dissolves starches. Suitable for all levels of water hardness.

5L, 30L or 210L

Rinse-Away**Dish Washers**

For use in automatic dish-washers. Produces an efficient wetting action in the final rinse, ensuring crockery and cutlery dry evenly and rapidly.

5L, 30L or 210L

Kloro-Care**Alkaline Cleaner**

A chlorinated alkaline sanitiser for walls, floors, equipment and work surfaces. Reliable disinfection in fish and meat processing plants, abattoirs, food factories, kitchens etc.

5L, 30L or 210L

GC 25**Sanitiser**

General purpose combined cleaning and sanitising fluid. Use with confidence to prepare food surfaces, utensils, equipment and more.

Dilutable up to 1:25

5L, 30L or 210L

Wonder**Detergent**

Highly concentrated, bacterial liquid detergent for a wide variety of uses. Cleans dishes, pots and cutlery but equally effective on worktops, floors and walls.

Dilutable up to 1:35

5L, 30L or 210L

Steri-Foam**Alkaline Cleaner**

Cleaner and sanitiser for walls, floors, equipment and working surfaces. High-build foam action gives much longer contact time than conventional liquid products. Superior cleaning and sanitising efficiency on even vertical and overhead surfaces.

5L, 30L or 210L

BAC-WIPE MP

Wet Impregnated non-woven wipes

Formulated with a unique blend of no less than three safe but effective biocide actives. Designed for light, frequent cleansing and disinfection of surfaces, utensils, temperature probes and more.

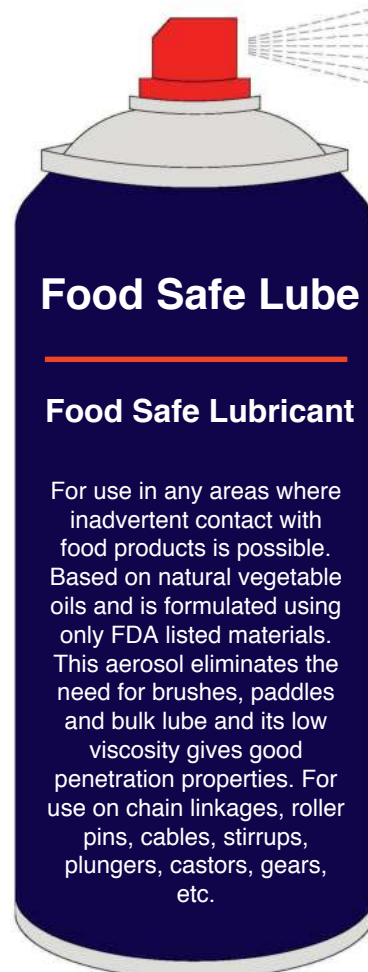

6 x 200ml

Sparkle Powder

Dish Washer Powder

Specially formulated powder compound for use in industrial and institutional dish-washing machines. Combines effective grease and soil removal with control of iron and tannin staining.

5kg Tub

400ml in cases of 12

Artic 1

Oil / Soil Remover

Delivers good cleaning power in the form of a tight, clinging foam. Its novel formulation provides good penetration of oily soiling but it is easy to rinse away to leave clean, water wet surfaces.

Dilutable up to 1:20

5L, 30L or 210L

Autobahn

Chassis & Wheel Cleaner

Removes traffic film and dust from paintwork. Prevents re-settling during rinsing. Free from caustic alkalis which can dull or damage vehicle paintwork. Used with hot or cold pressure washers.

Dilutable up to 1:80

210L or 1000L IBC

Blast-Off

Chassis & Wheel Cleaner

Designed especially for use with hot or cold pressure washers, ideal for cleaning prior to M.O.T, inspections and general maintenance. Can also be used on machinery and pipework etc.

Dilutable up to 1:150

5L, 30L or 210L

Curtain Deepclean

Stain Remover/Cleaner

Designed to cope with the firmly bound soiling so often found on curtain-side artics. Will even deal with soiling on dimpled or other textured type curtain surfaces, which can be especially difficult.

Dilutable up to 1:50

5L, 30L or 210L

D-Tex

Fuel and Stock Tank Bottoms

A biocide to control and eradicate aerobic and anaerobic bacteria. Water soluble that rapidly attacks bacteria in the water phase and at the interface.

5L, 30L or 210L

Kleer View

Screen Wash

Dilutable for maximum economy. With its modern formula it will remove road dirt, salt spray and oily films from the screen, leaving clear, streak-free glass.

Dilutable up to 1:30

5L, 30L or 210L

Motorway Plus

Fleet Cleaner

High Strength, combines traffic-film removing technology suitable for the best results on the finest of car finishes with the degreasing power to tackle grease soiling.

Dilutable up to 1:400

5L, 30L or 210L

Odor-Izer

Fragrance

Available in Cherry, Apple or Peach fragrance, a concentrated re-odouriser for the control of noxious odours on various hard surfaces and above tanks, filter-beds etc.

Dilutable up to 1:100

5L, 30L or 210L

Fleet-Shine

Pressure Washer Liquid

With added emulsified wax, for all general purpose vehicle and plant cleaning. Rapidly removes traffic film, dirt, oil and grease. Leaves a protective wax finish.

Dilutable up to 1:100

5L, 30L or 210L

Winter Screenwash

Winter Care Product

Concentrated additive for use in vehicle washer systems. Combines cleaning and grease-film removing power with anti-freezing compounds.

Dilutable up to 1:30
5L, 30L or 210L

Wash & Wax

Bodywork Cleaner

Concentrate cleaner for all types of vehicles. Contains emulsified waxes which delivers a protective, water repellent finish. Leaves a sheen without requiring buffing.

Dilutable up to 1:30
5L, 30L or 210L

Clean & Gleem

Rotary Brush-Wash

Effective oil and dirt remover, lubricates brush-fibre tips and rapidly dries vehicle surfaces.

Dilutable up to 1:2000
5L, 30L or 210L

Thrust

Exhaust Fume Cleaner

For use on fixed-wing aircraft and helicopters. Thrust is designed to give quick and effective removal of exhaust fumes.

5L, 30L or 210L

Transit 120

Pressure Washer Additive

For use with hot or cold pressure washers, steam jennies, etc. Anti-static action lifts traffic film and fine dusts from all painted, plastic or resin surfaces.

Dilutable up to 1:120
210L or 1000L IBC

Alu Clean

Scale and Tarnish Remover

Fast-acting cleaner, brightener and remover for use on aluminium and aluminium alloy parts. Suitable for cleaning all components, from larger surfaces to small items.

Dilutable up to 1:8

5L, 30L or 210L

Rustex

Rust, Scale and Corrosion Removal

Concentrated, specially formulated to quickly remove deposits from mild steel and other acid-resistant surfaces.

Dilutable up to 1:10

5L, 30L or 210L

Rustex-Gel

Rust, Scale and Corrosion Removal

Rustex-Gel allows for use on horizontal, vertical and even overhead surfaces. Fully inhibited against attack on base metal, and prevents re-rusting for a short period.

5L, 30L or 210L

Rustex-P

Rust, Scale and Corrosion Removal

Non-fuming, less aggressive formulation than others in the range allowing extensive use in the catering and food processing industries.

Dilutable up to 1:5

5L, 30L or 210L

Steel Brite

General Purpose Stainless Steel Cleaner

Mild but effective. Steel Brite gently removes greasy marks and stains and finger marks. Leaves surfaces clean & bright without any risk of taint to foodstuffs. For use in all industries.

Dilutable up to 1:100

5L, 30L or 210L

Crete Clean

Cleaning and Etching of Concrete and Similar Surfaces

Penetrates and removes greasy soiling and leaves floors with a clean, whitened surface.

5L, 30L or 210L

Dechlorinator

Chlorine Removal From Used Waters and Rinsing

Treatment for the removal of free chlorine from sterilised waters.

5L, 30L or 210L

De-Scale

Calcium and Magnesium Scale Remover

Removes efflorescence and mortar splashes and clears rusty stains. Fast acting and low fume levels.

Dilutable up to 1:10

5L, 30L or 210L

De-Scale XX

Scale, Efflorescence, Mortar, Cement and Rust Remover

Rapidly removes efflorescence, mortar, cement and lime-scale.

Dilutable up to 1:20

5L, 30L or 210L

Orbit

Hard Floor Surface Cleaner

Mild alkaline cleaner designed for plastics, rubber compositions and sealed or unsealed concrete floors. Ideal for floor scrubbing machines.

Dilutable up to 1:20

5L, 30L or 210L

Steri-Tank

Water Tank Steriliser

This product is specially designed to take the guesswork out of calculating appropriate chlorine levels by a simple dosage offering of one litre per cubic metre of capacity.

5L, 30L or 210L

Vanoph

Biro, Felt Tip Pen Remover and Paint Softener

A gel or aerosol that can be used on a number of surfaces including plastics and some types of painted surfaces.

Aerosol, 5L, 30L or 210L

Wash-Out

Drain Clearer

Chemical cure to all organic blockages found in drains. Wash-Out will dissolve and liquify hair, paper, leaves, cigarette ends, cloth, sanitary products and even foil/aluminium will be destroyed.

6x2L

Crete Cote

Coating for Concrete, Stone or Wood

A tough, alkyd resin based coating. Crete-Cote will protect surfaces from water, oil, grease, dirt, mange and other unsightly or damaging sources of contamination. Available in red, grey or clear finish.

5 litres

Track

Liquid Floor Coating

For use on concrete, stone, wood and similar surfaces. Combines toughness, durability and good oil and chemical resistance with a unique anti-slip additive system. Ideally suited for use in areas where slipping may be a hazard. Available in red, grey or clear tan finishes.

5 litres

Combat

Printing Residue Removal

Water based, low hazard product for the removal of printing ink residues from print machinery and surrounding areas.

Dilutable up to 1:10

5L, 30L or 210L

Hypo 11

Microbial Contamination

Eliminates microbial contamination from freshly cleaned working surfaces, utensils, equipment and building surfaces such as floors and walls. Yields at least 11% Sodium Hypochlorite.

Dilutable up to 1:500

5L, 30L or 210L

Hypo 15

Microbial Contamination

Eliminates microbial contamination from freshly cleaned working surfaces, utensils, equipment and building surfaces such as floors and walls. Yields at least 15% Sodium Hypochlorite.

Dilutable up to 1:700

5L, 30L or 210L

Mask-It

Deodorising and Odour Masking

Use in sewage treatment works, refuse vehicles, skips & tips, offal processing factories and anywhere else that offensive odours are a problem for works or the surrounding population.

Dilutable up to 1:45

5L, 30L or 210L

Odour Mask

Masking Agent

Controls all sorts of noxious odours in the Sewage, Waste, Farming, Fishing and similar industries. Can be used to deodorise sewage ponds, septic tanks, refuse tips, skips and more.

Dilutable up to 1:90

5L, 30L or 210L

Terminate

De-Odourising Fluid

Unique triple-action initially emulsifies oils and fats allowing a more rapid start to bio-degradation in digesters. For use in slow moving streams and equipment.

Dilutable up to 1:50

5L, 30L or 210L

Xtra-Tak

Decal Transfer Liquid

For wet application of Decals/transfers, graphics and films to painted, plastic or glass surfaces. Cleans surfaces prior to application and allows for repositioning.

Dilutable up to 1:25

5L, 30L or 210L

Stencil Paint

For all types of identification or marketing activities. Available in black or white.

400ml in cases of 12

HD Hand-Cleansing Wipe

Oil and Grease Remover

Wipe and scrub for the removal of oily or greasy soiling, leaving hands, clean, fresh and soft.

Case of 4

APX-1

Solvent Free, Biodegradable Hand Cleanser

The special mix of fine inorganic and soft organic granules in APX-1 ensures effective removal even of ingrained dirt without harsh scratching action on the skin

5kg or 15kg

Super Grit

Hand Cleaner

Specially formulated to meet the requirements of todays industry. Safe and effective product copes with oils, greases, resins, paints & inks.

5kg or 15kg

Super Hands

Hand Cleaner

Penetrates, dissolves and lifts off stubborn and ingrained soiling, eliminating the need to use dangerous thinners and leaves the skin supple and healthy.

5kg or 15kg

Steri-Hands Wipe

Impregnated wipes

Contains active biocide, designed for the cleansing and disinfection of the skin. Steri-hands Wipe delivers residual-action control of a very wide range of micro-organism while still being kind to the skin.

Case of 6

MPL 40**Multi-Purpose Corrosion Preventer**

Multi-purpose product with penetrating, easing, water-displacing, lubricating and corrosion-preventing properties. Loosens seized nuts and bolts and lubricates hinges, guns and mechanical movements.

5L, 30L or 210L

CI-933**Water-Displacing Corrosion Prevention Fluid**

Removes moisture from metal surfaces and then deposits a firm, greasy coating which provides good long-term protection against corrosion even in exposed marine environments.

5L, 30L or 210L

D.P.R**Multi-Purpose Lubricator and Corrosion Preventer**

This useful product has penetrating, easing, water-displacing, lubricating and corrosion prevention properties. Versatile D.P.R will loosen seized nuts, bolts and lubricate hinges, guns mechanical movements etc.

Available in Aerosol or Liquid Bulk

12 x 400ml, 30L, 210L

Galve Cote**Bare Steel Primer**

Galve Cote is ideal for patching work, such as after new welding of galvanised section or otherwise where galvanising has been stripped. GC will protect coated metal from corrosion even in demanding environments.

400ml in cases of 12

Anti-Seize

Galling and Seizing Prevention

A versatile lubricant, thread protector and anti-seizing compound for all engineering applications, especially where high temperature, corrosivity or stress is involved.

25kg Drum

Guardian

Residual Compounded Lubricant & Protectant

Guardian has excellent adhesive properties, ensuring reliability on static surfaces and resistant to being thrown from moving surfaces. Also has excellent load carrying properties. Use also outdoors or at sea.

5L Drum

H.T.L Grease

Premium, Non-Melting Grease

Recommended for use in all plain and rolling bearings, especially those subject to high temperatures and running at high speeds.

5Kg or 15Kg Drum

Hyper G2

High Performing, Multi-Purpose Grease

Ideal for use on all plain or anti-friction bearings, especially those subjected to moisture, high temperatures, vibration and variable speeds. Added extreme-pressure, anti-wear, anti-corrosion and oxidation additives.

5Kg or 15Kg Drum

Lithium Grease

Multi-Purpose Grease

Good quality grease ideal for uses in all plain or anti-friction bearings, universal joints, vehicle chassis points and similar areas. Also ideal as a general protective for pipe-threads and metal parts generally in warehouse storage or in transit.

5Kg or 15Kg Drum

Lubro

Thread Lubricant

Contains extreme pressure additives and sulphide inhibitors. Free from all metal additives. Suited for thread compound. Protects metal surfaces effectively in wet and extremely corrosive conditions.

12.5Kg Drum

Petroleum Jelly

Corrosion Protection of all Metal Parts

Suited for all general protection of all metal parts from corrosion in storage. This versatile product is also ideal for the general lubrication of plastic threads, oil-resistant "O" rings in assembly operations.

5Kg or 15Kg Tubs

Silicone Grease

Lubricant and Mould Release

Lubricates and protects from water and aggressive chemical attack and may also be used as a mould release for various small-scale applications.

5Kg or 15Kg Tubs

Release

Penetrating, Easing and Lubricating Fluid

Rapidly allows the movement of tight or seized screws, nuts, bolts, hinges and all similar sorts of fitting or mechanism.

5L, 30L or 210L

Silicone

Lubricant, Releasing, Polishing or Shining Agent

Pure silicone oil (with a wide range of applications) free from solvents and thinners offers maximum performance and value for money.

5L, 30L or 210L

Silicone Emulsion

Water Based Silicone

Designed for use where the clean, effective properties of silicones are required, but in water based form. Functions as a lubricant, release agent and anti-foam.

5L, 30L or 210L

Gear & Rope Lube

Water Displacing, Corrosion Preventive Fluid

For use on wire ropes and associated gear. This product is suitable for use on locked - coil wire ropes in friction and drum-winding configurations, guide and rubbing ropes, haulage and cable belt ropes, cranes etc.

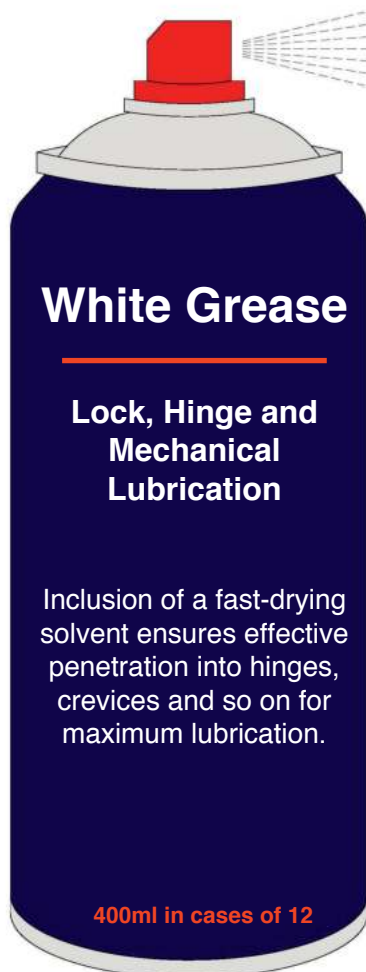

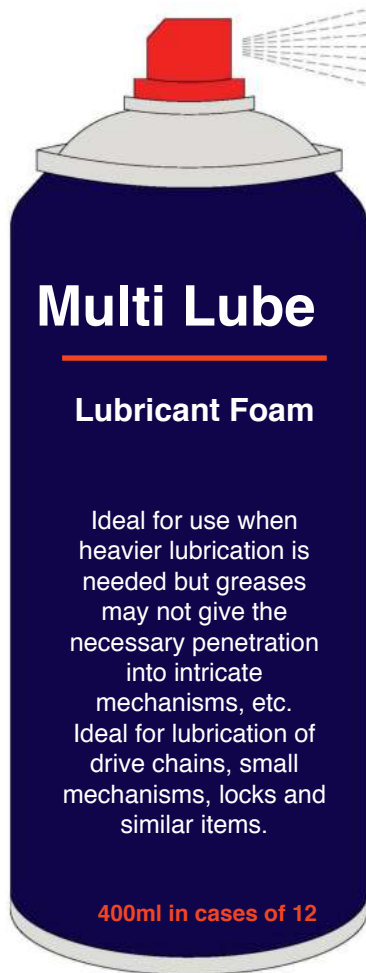

5L, 30L or 210L

TEF2000

Special Lubricant Fluid

Designed for applications where high film strength coupled with low viscosity may be critical. Ideal for situations involving plastic/metal contact. Excellent penetrating lubricant for wire ropes.

5L, 30L or 210L

Acetone

Pre-Paint Degreaser of Metals / Paint Thinner

For pre-paint degreasing of metals, paint thinner and brush or paint-spray equipment cleaner.

20kg Drum

Industrial Thinners

General Use Thinner

Carefully prepared from pure, high grade solvents to ensure compatibility across the wide range of available cellulose re-finishing materials. Formulated to provide excellent gloss straight from the gun. Used for local repair work and clean-up work.

25kg Drum

Iso-Propanol

Pre-paint Degreaser of Metals / Paint Thinner

For pre-paint degreasing of metals, paint thinner and brush or paint-spray equipment cleaner.

20kg Drum

MEK

Degreaser of Metals / Brush and Paint-Spray Equipment Cleaner

Also known as Butan-2-one. This material is supplied for pre-paint degreasing of metals, use as a paint thinner and as a brush or paint-spray equipment cleaner.

20kg Drum

Toluene

Degreaser of Metals / Brush and Paint-spray Equipment Cleaner

For pre-paint degreasing of metals, paint thinner and brush or paint-spray equipment cleaner.

20kg Drum

Pro-Strip

Heavy Duty Stripper for Paint, Varnish, Glue, Waxes and more.

Pro-strip effectively removes air-dried paints, varnishes, glue, waxes and various other coatings.

Ideal and safe for use on all common metal surfaces as well as ceramics and woods.

Liquid or Gel

5L, 30L or 210L

Vanoph

A Light paint and Pen Mark Remover

Vanoph is designed to dissolve biro and felt-tip pen marks and soften many types of paint, while being mild enough to allow use on many plastics and some types of painted surfaces. Gel form, ideal for use on vertical and even overhead surfaces.

Aerosol 400ml

5L, 30L or 210L

De-Scale XP

Remover of Cement, Mortar Splashes and more

A fast acting and effective product for the removal of cement, mortar splashes, efflorescence, lime-scale and rusty marks from a wide variety of equipment and building surfaces. The powerful dissolving action handles deposits other products cannot touch but is totally free from the fuming behaviour that makes other products a nuisance to work with.

Dilutable up to 1:20

5L, 30L or 210L

M.R.O

Combined Action Release Agent for Forms and Shuttering

Used for the moulding of concrete, mortar, plaster and similar water-based materials. M.R.O should be used neat on wood, steel or aluminium moulds and shuttering to give excellent surface finish, especially where highly textured, and freedom from staining.

5L, 30L or 210L

Pro-Coat

Bitumen, Tar and Heavy Oil Release Agent

A dual purpose product, providing a sacrificial release coating which prevents bitumen, tar and heavy oils adhering to metal or painted metal surfaces and also a clean-up solution for hot boxes, vehicles and tools involved in road laying, etc.

Dilutable up to 1:50

5L, 30L or 210L

Quell

Dust Prevention Additive

A specially developed concentrate for addition to dampening / dust-suppression spray water. Quell's double action formula not only provides effective control of dust on the day but also keeps it under control for longer than achievable with plain water. Ideal for building sites, quarries etc.

Dilutable up to 1:50

5L, 30L or 210L

Anti-Freeze

Inhibited Anti-Freeze for all vehicle or static-engine cooler systems.

5L, 30L or 210L

Winter Screenwash

Screen wash

Concentrated additive for use in vehicle washer systems. Combines cleaning and grease-film removing power with anti-freezing compounds .

Dilutable up to 1:50

5L, 30L or 210L

Ice Breaker Liquid

De-Icer

Simply spray over and leave to work - contains no sand or grit. Ideal for use on stairs, gangways, ships, rig platforms, etc.

5L, 30L or 210L

Ice Breaker

Biodegradable Granules

Melts ice and snow more rapidly than conventional rock salt.

15kg Tub

Path-Kleer

Ice Melting Granules

With special "active heating", melts ice and snow more rapidly than conventional rock-salt. Simply sprinkle down and leave to work. Contains no sand or grit to leave dirty marks.

15kg Tub

De-Icer

Ice, Frost and Snow

For windows and windscreens on vehicles, boats, ships and small aircraft.

400ml in cases of 12
